SPRING - SUMMER 2026

ACCALMIE

The *Accalmie* theme opens the season with a soft and soothing atmosphere. The palette is based on harmonious shades: nuanced blue, pearly pink, oil green and seaweed, canvas beige, chalk, navy and foam. The contrasts create an organic and balanced atmosphere.

These colours are found in plant prints, multicoloured stripes and fine embroidery. Natural, lightweight fabrics such as cotton, linen and boiled wool give rise to new volumes in knitwear, blouses, shorts and trousers.

TERRES MÊLÉES

The *Terres Mêlées* theme is inspired by minerals in warm, natural shades. The palette evokes ochre hues: espresso, clay, canvas, vitamin, white and chalk. The collection deliberately avoids navy blue, giving way to soothing earthy colours.

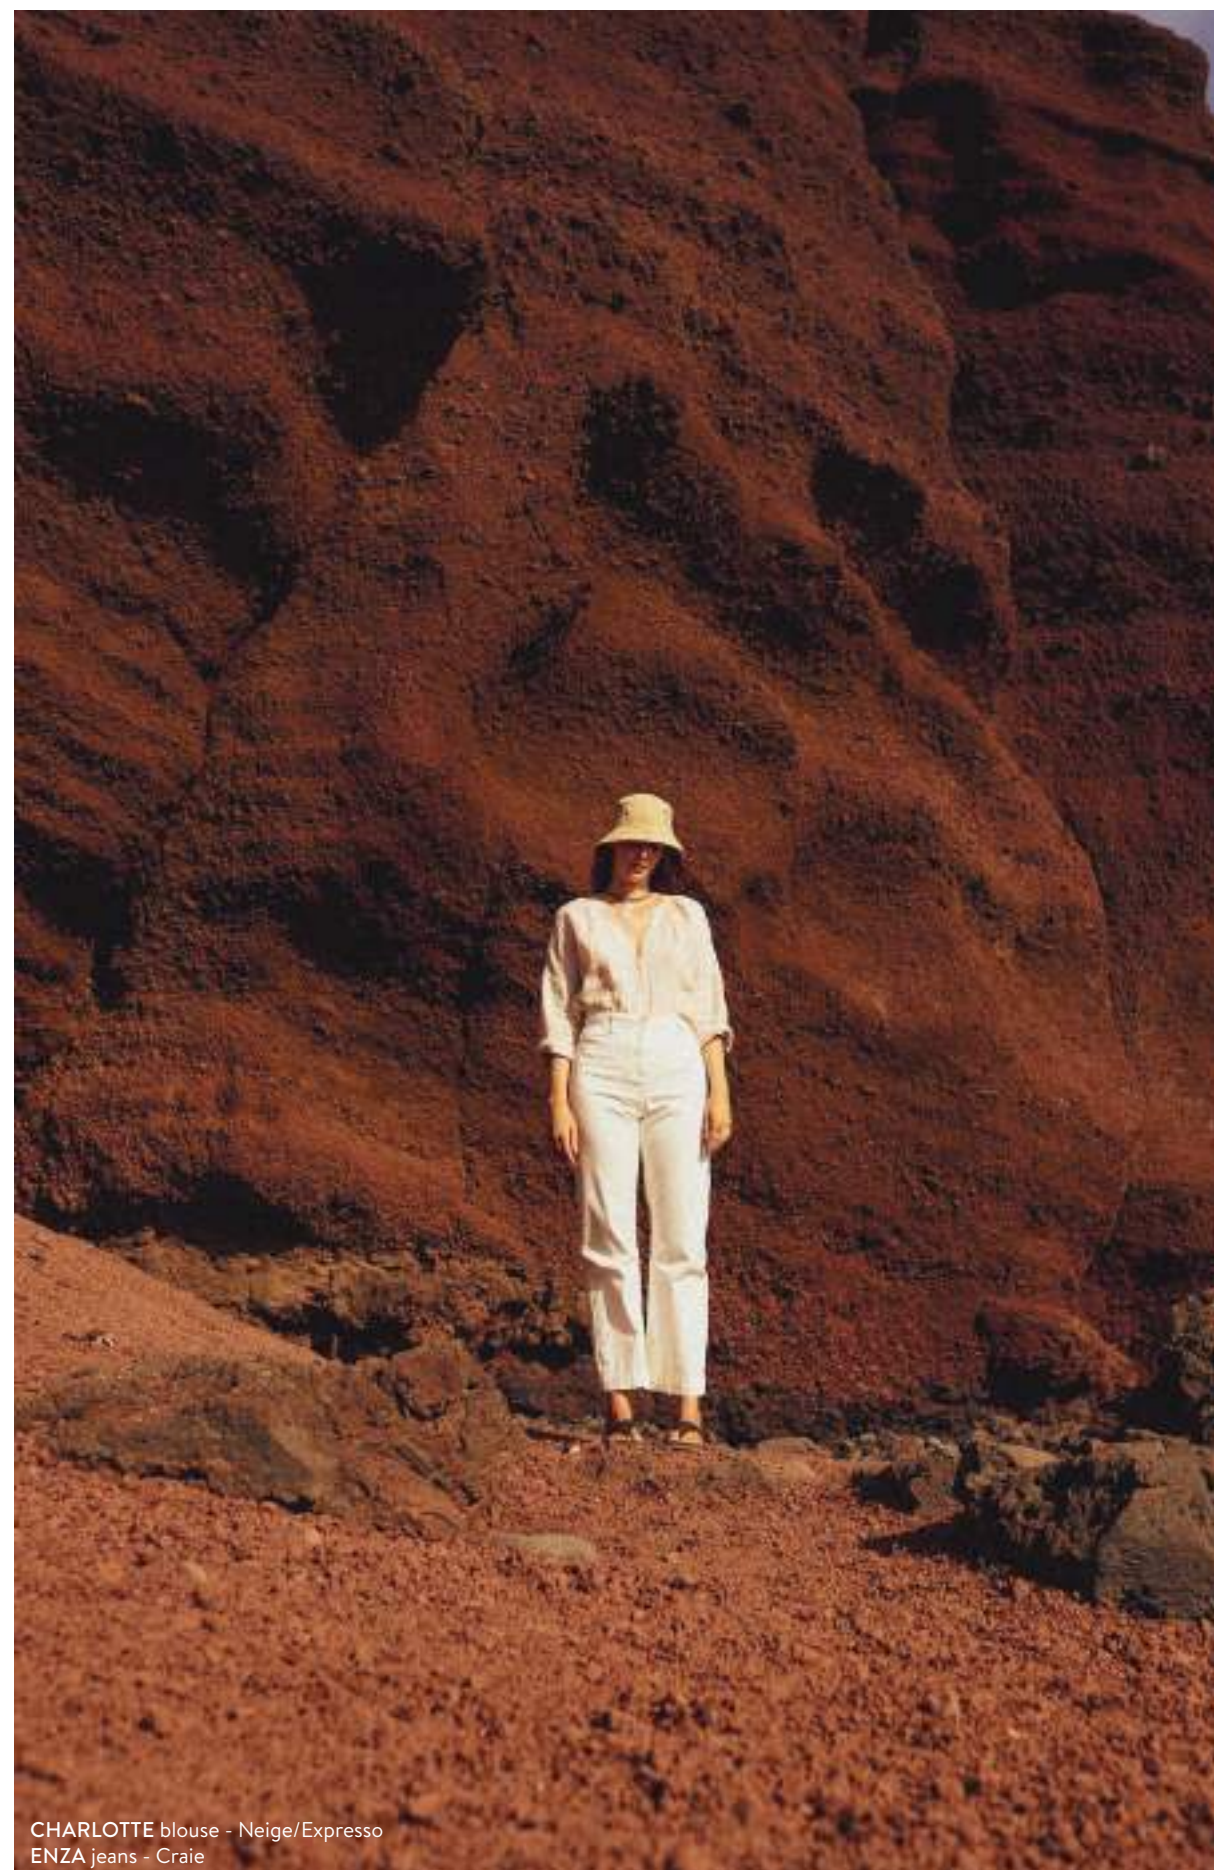

The pieces are simple and refined, with a focus on fine materials such as cotton/cashmere and wool/silk. Cotton knits and linen feature on dresses, shirts, shorts and Bermuda shorts. This theme celebrates the authenticity and warmth of the earth.

PLAY

Summery and fun, the *PLAY* theme celebrates the energy of summer afternoons spent outdoors. The colour palette is based on blue, white and red, in bright shades such as pigment, float, pop, sky and nuance. Lightweight, flowing fabrics are designed for movement, with short, boxy silhouettes and open necklines. This theme eschews knitwear in favour of cotton and seersucker pieces with a sporty-chic vibe. *PLAY* is the perfect capsule collection for the height of summer, from tennis matches to relaxing at the clubhouse.
